

Develop A Mobile Application

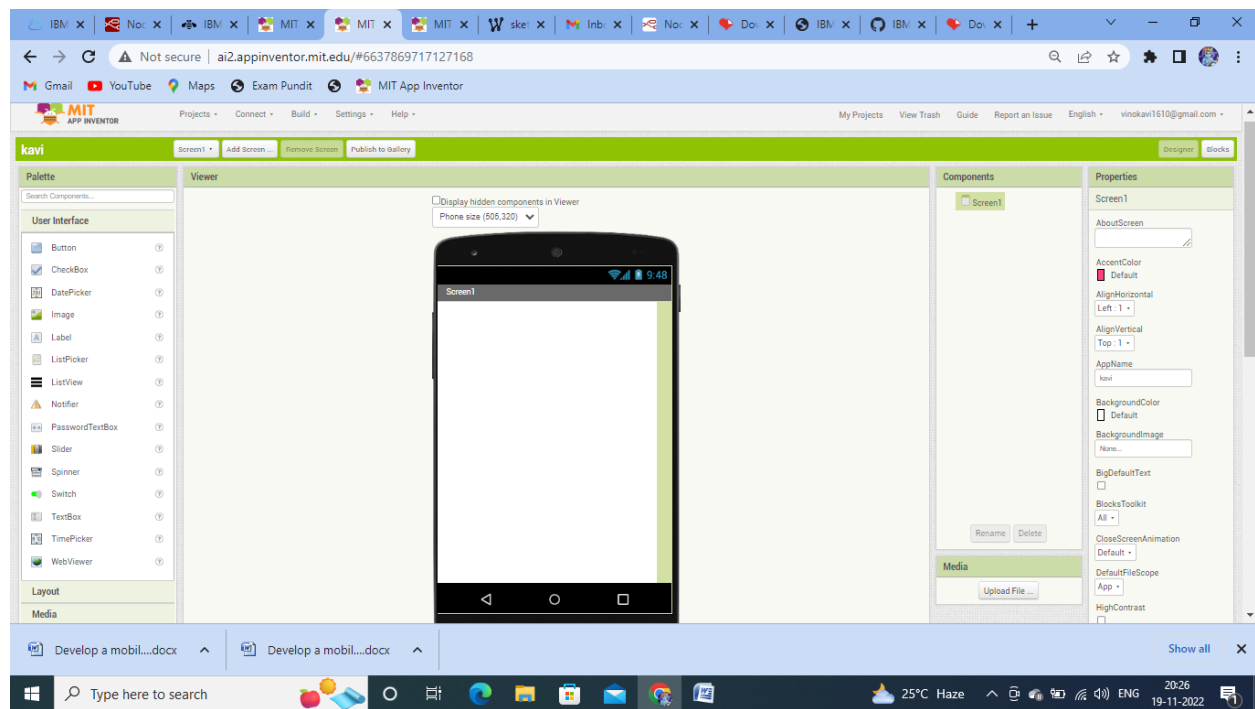

Team ID	PNT2022TMID48383
Project Name	Smart Farmer-IOT Enabled Smart Farming Application

Mobile app is divided into two parts:

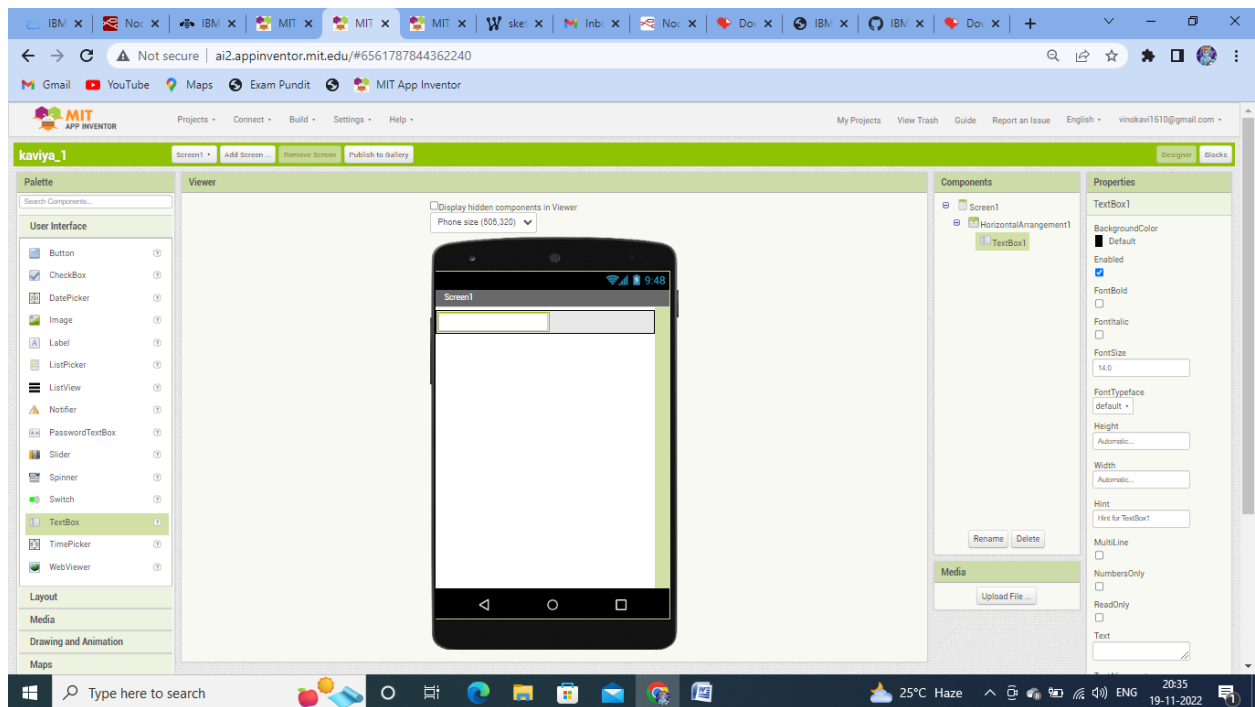

- 1.Designer
2. Blocks Designer

Steps:

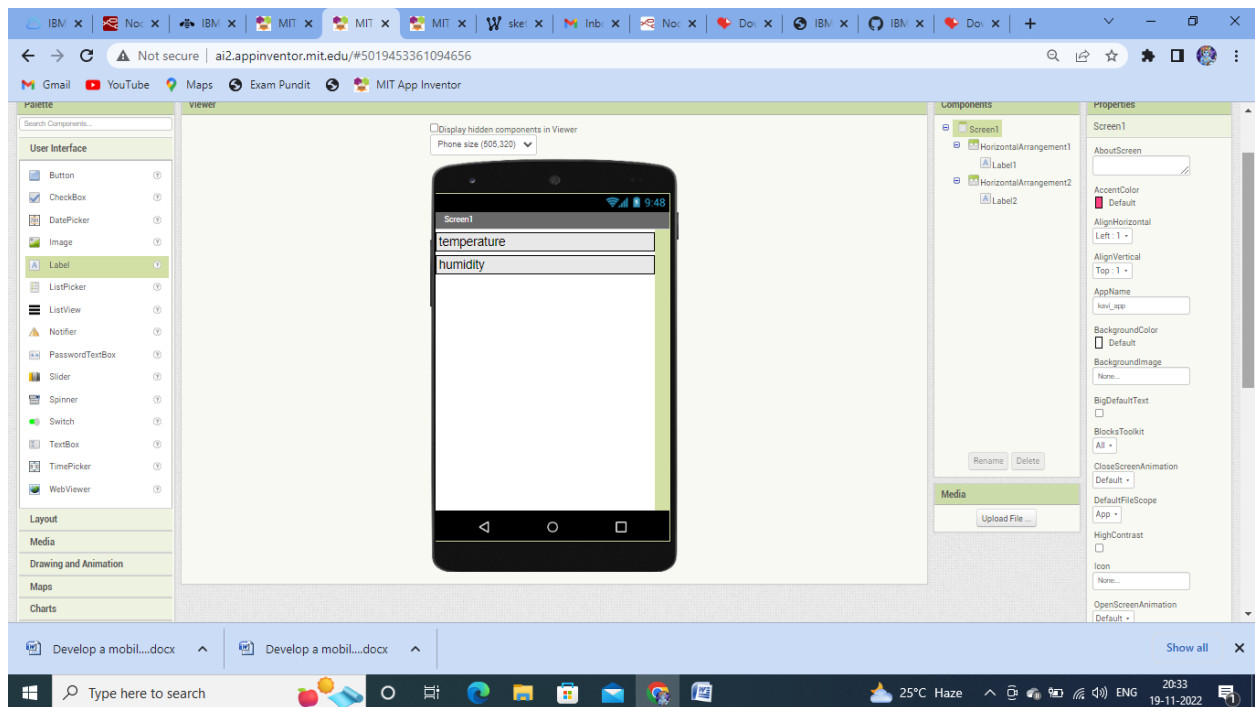

Open mit app inventor. The Main page showing like these:

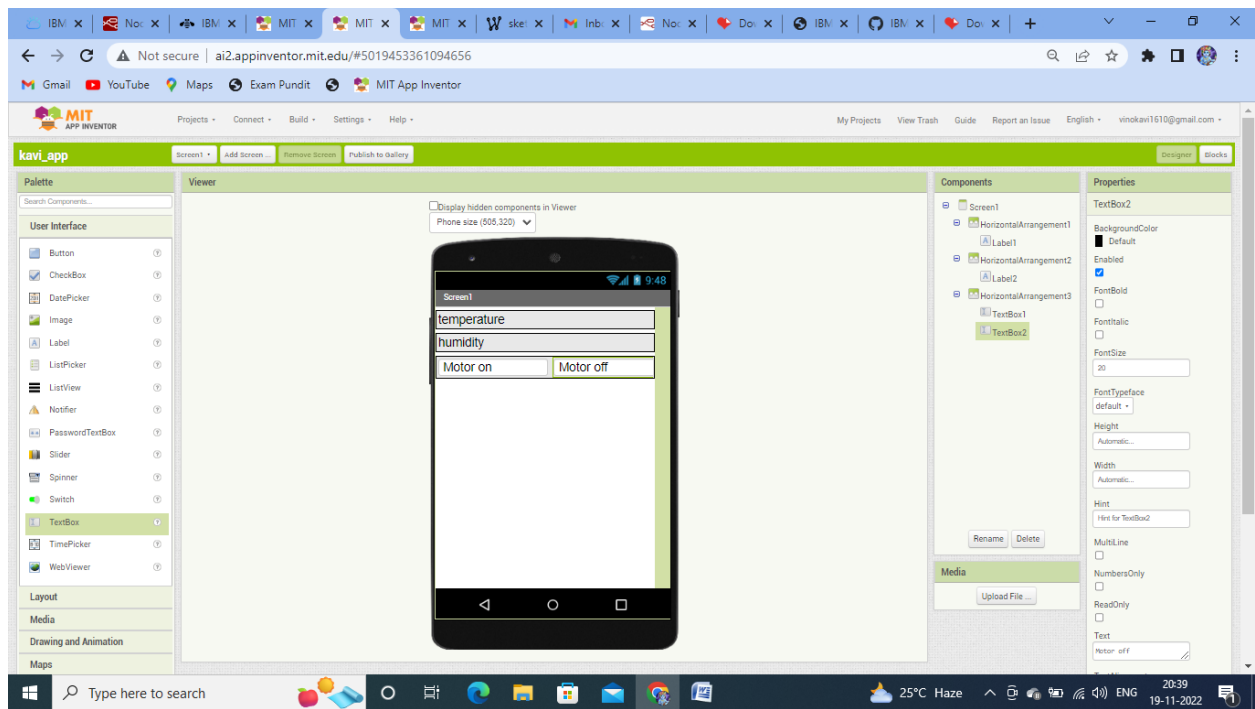

Click the textbox and drag into the mobile and give name and size as 20.

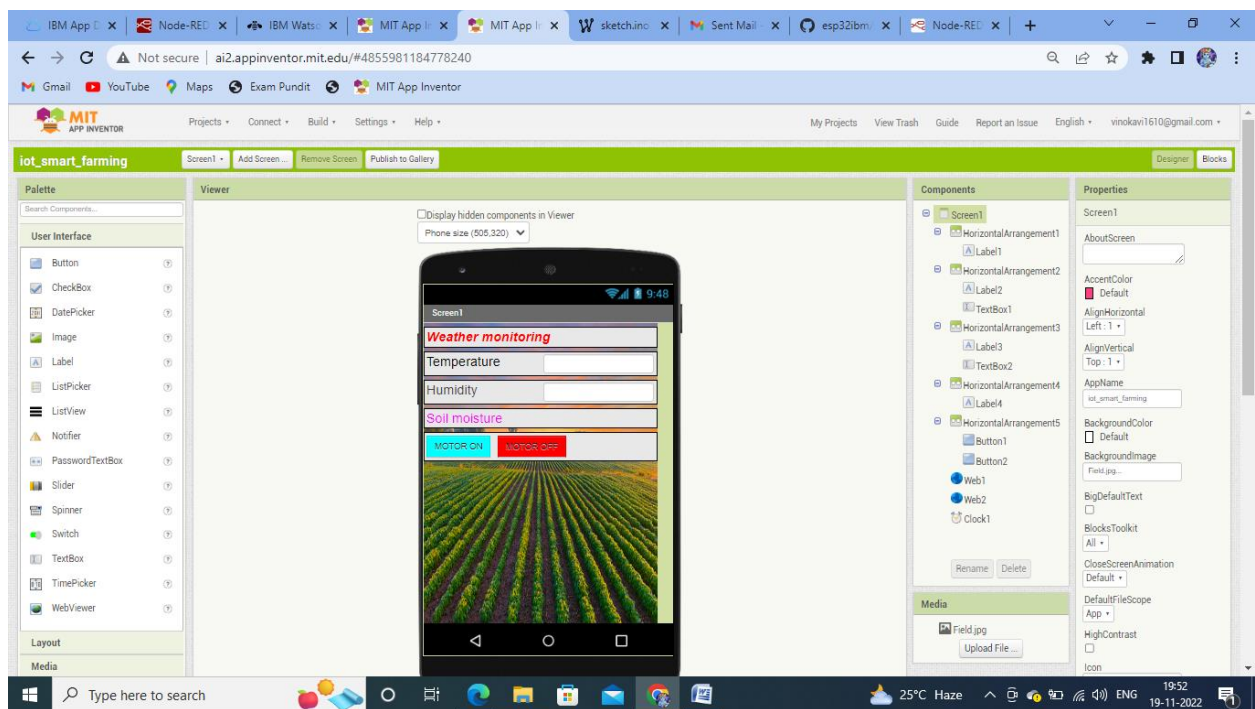

Type the temperature ,humidity and soil moisture in the text box .

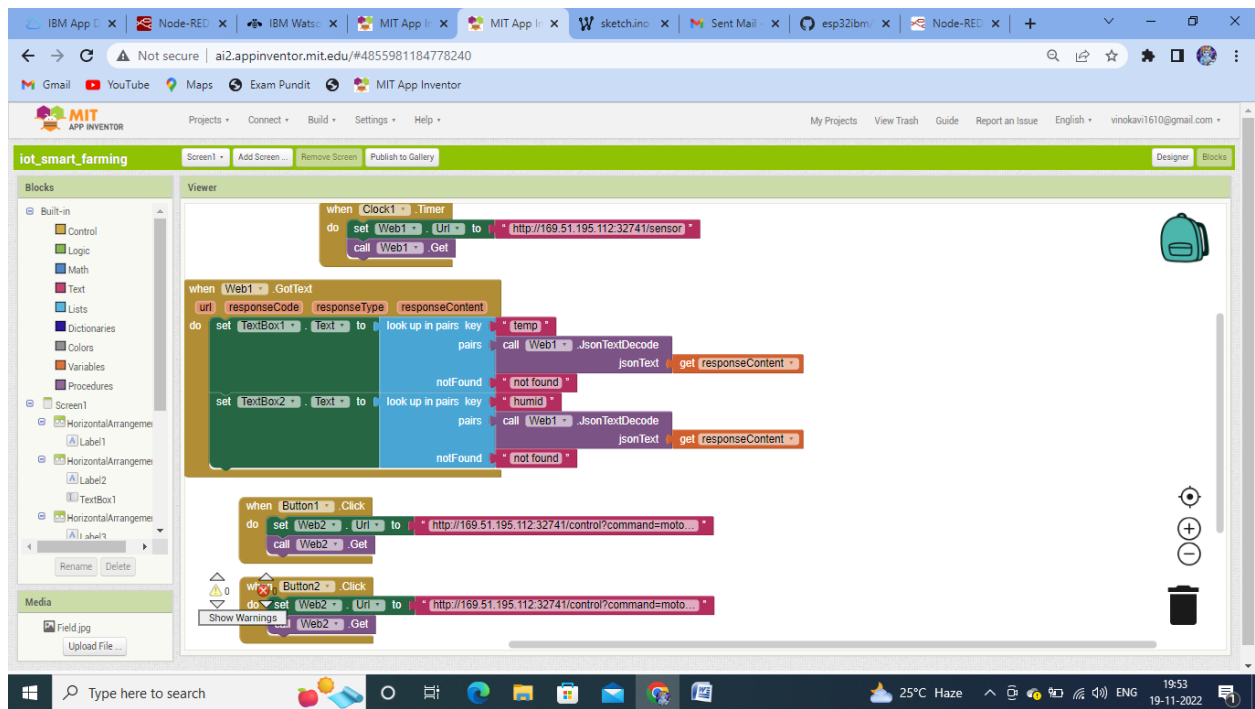

Take the button-1,2 and rename it has Motor ON &OFF

Now add the soil moisture textbox. Add Background theme or colour in the mobile .

These is the overall blocks design of the mobile application.

Finally app is installed.
